## Educator Effectiveness Grant Professional Development Plan 2015 – 2018

### Overview

The Brawley Union High School District strives to implement sustainable change to improve teaching and learning and bring about equitable outcomes for students. We establish long term partnerships with professional development communities that build capacity of district and site leaders to create high-performing organizations.

### Goals of this Plan

The goals of this professional development plan is to increase knowledge and build the skills of teacher coaches to become leaders in 21<sup>st</sup> Century Teaching and Learning, develop literacy rich classrooms, provide professional development and support in California State Standards (CSS) and Smarter Balanced Assessments to assist them in integrating this knowledge into instruction and student learning experiences. Another goal of the district is to support beginning teachers through support and mentoring. Beginning Teacher Support and Assessment (BTSA) Program is the official program BUHSD beginning teachers participate in to receive a clear teaching credential. The district is committed to implementing various levels of support for beginning teachers.
