Antonio Munguia, Principal

2010-11 School Accountability Report Card
Published During the 2011-12 School Year

Principal's Message

The Renaissance Community Day School Program plays an important part in the education of Brawley Union High School District students. Students may be referred to the Renaissance Program because of serious attendance problems, academic difficulties, or the need for a small academic environment. We seldom have more than 25 students, and we are able to provide them with a considerable amount of individual instruction. Students can only be enrolled at Renaissance through the District School Attendance Review Board (SARB) and/or expulsion process.

District Mission Statement

Our mission is to provide a safe and secure learning environment for all students focusing on student achievement through high quality instructional programs and by providing social development opportunities for students to prepare to become productive citizens. This will be accomplished through a shared commitment between home and schools and community.

District Vision Statement

Through a rigorous standards-based curriculum that emphasizes relevance and technology, our vision is to challenge and empower all students to graduate prepared for their post-secondary plans with the ultimate goal of becoming productive citizens in a global economic society.

Parental Involvement

Renaissance Community Day School is committed to promoting parent, community, and business partnerships that:

- Involve parents in their child's education.
- Foster shared responsibility among students, parents, and staff.
- Link families with school and community resources.
- Encourage broad-based representation in the decision-making process.

Parent and community involvement is important to promoting student achievement at Renaissance Community Day School. Parents are regularly informed of student progress and attendance through telephone conversations, the Principal's Monthly Newsletter, and notes from teachers, counselors, office staff, and administration.

For more information on how to become involved, contact Antonio Munguia, Principal, at (760) 312-5110 or tmunguia@brawleyhigh.org.

School Safety

A revised Comprehensive School Safety Plan was adopted and implemented during the 2007-08 school year. The Safety Committee reviews the plan annually. The School Safety Plan was recently updated in February 2011. The plan includes emergency routes, maps, and emergency procedures such as fire, earthquake, attacks, lockdown, egress and ingress procedures, and other important procedures to keep the students and staff safe and secure. The School Safety Plan is available to the community in the Main/Principal's Office. The Safety Committee meets monthly to monitor implementation of the plan.

School Facilities

Renaissance Community Day School was built in 1986 and is comprised of a one room building with restrooms provided. The classroom includes computers, a printer, a teacher work area, and 24 student workstations.

Safety: The safety of students and staff is a primary concern of Renaissance Community Day School. All visitors are required to sign in at Desert Valley High School's front office before entering the Renaissance Community Day School campus.

Continued on page 3

School Facilities

Continued from page 2

School staff constantly monitors school grounds. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. The school has a thorough disaster plan and practices fire and earthquake drills on a regular basis.

Cleaning Process: A team of custodians and groundskeepers ensure classrooms, restrooms, and campus grounds are cleaned on a daily basis. The District administers a scheduled maintenance program, including regular facilities inspections, to ensure that all classrooms and facilities are well maintained and in good repair. When necessary, the District takes appropriate actions to ensure campus facilities are in good working order and provide a clean and safe environment. At the time of this publication, 100% of the student restrooms were in good working order.

Recent Renovations: Recent renovations include the replacement of windows and Internet ports. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2011-12 school year, the District budgeted \$80,000.00 for the Deferred Maintenance Program. This represents .53% of the District's general fund budget.

Textbooks and Instructional Materials

Brawley Union High School District held a Public Hearing on October 13, 2010, and determined the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. The State of California*. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Brawley Union High School sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Trustees.

Brawley Union High School District follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the State's adoption. In addition to textbooks, students have access to experimental kits, manipulatives, workbooks, audio libraries, films, and videotapes.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program aims to identify strengths and weaknesses to improve student learning. STAR consists of several key tests that are designed for the student's age and individual needs. These tests include: the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR program including tests, participation, groups, and scores by grade level, please visit <http://star.cde.ca.gov/>.

STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are evaluated and compared to state standards using the following five performance levels: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, science, and history-social science.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district or a student group’s performance level, based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base and Growth API. The Base API data is released one year after testing occurs (i.e. The 2010 Base is calculated from results of statewide testing in spring 2010, but is not released until May 2011). Growth API, released following the Base API, calculates test results taken from the most recent school year (i.e. The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2010-2011 API reporting cycle, the 2010 Base indicator and 2011 Growth indicator are used.

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school’s “statewide rank” compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A “similar schools” API rank reflects how a school compares to 100 statistically matched similar schools.

Scores are not shown when the number of students tested is 10 or less, either because the number of students tested is too small for statistical accuracy or to protect student privacy. Therefore, no data is available for Renaissance Community Day School.

To learn more about API, please visit the API information guide at www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf and the API overview guide at www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf.

API Testing

Assessment data is reported only for *numerically significant* groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR Program scores who make up at least 15% of the total valid STAR Program scores, or (2) at least 100 students with valid STAR Program scores.

API Growth by Student Group

This table displays, by student group, first, the 2011 Growth API at the school, district, and state level followed by the actual API change in points added or lost for the past three years.

Types of Services Funded

In addition to general State funding, Brawley Union High School District receives State and Federal funding for the following categorical, Special Education, and support programs:

- Title I, Part A
- Title I, ARRA
- Title II
- Title III
- Special Education
- Carl Perkins Funds
- Economic Impact Aid (EIA)
- Gifted and Talented Education (GATE)
- Instructional Materials
- Home-to-School Transport
- Migrant Education
- California High School Exit Examination (CAHSEE) Intervention
- ROP

Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in these four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2010-11. For more information, visit www.cde.ca.gov/ta/ac/ay/.

Federal Intervention Program

Districts and schools receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) can enter into Program Improvement (PI). Each additional year that the district or schools do not meet AYP results in advancement to the next level of intervention. This table displays the 2011-12 Program Improvement status for the school and district. For more information, please visit www.cde.ca.gov/ta/ac/ay/.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Admission Requirements for California's Public Universities

University of California: Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at www.universityofcalifornia.edu/admissions. (Outside source)

California State University: Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at www.calstate.edu/admission/admission.shtml. (Outside source)

Career Technical Education Programs

Career Path preparation begins in elementary school, where students are introduced to careers through guest speakers, field trips, job shadowing, work based activities, and career days which focus on the five Brawley Union High School career pathways.

Ninth graders are provided the opportunity to enroll in Introduction to Computers, where they learn Internet career research through Career Locker and produce their first resume. Through tenth grade advisement, students select their initial career pathway and complete a second career-interest inventory. Students may select from a total of 21 career pathway classes (including ROP programs) in the industry sector such as: Agriculture and Natural Resources, Arts and Communications, Information Technology, Health Science and Medical Technology, Education Child Development and Family Services, Marketing and Sales, Building Trades and Construction, and Manufacturing and Product Development.

Capstone career path courses focus on internships which are offered through the Brawley Union High School internship program, Imperial Valley Regional Occupational Program (IVROP) internship, Brawley Union High School work experience, Special Education WorkAbility, Imperial County Work Force Investment Act training, Migrant Education work experience, and Cal-SAFE.

BUHSD offers several CTE courses to its student population. The following courses are offered at BUHS:

- Animal Science
- Plant Science
- Medical Terminology
- Graphic Arts
- Marketing
- Drafting
- Introduction to Agriculture
- Environmental Agriculture
- Advanced Computerized Applications
- Parenting
- Pre-School
- Developmental Psychology
- Electronics

Continued on page 9

Career Technical Education Programs

Continued from page 8

In conjunction with CTE courses, BUHSD offers nine Regional Occupation Program (ROP) programs that are offered through the BUHS District and comprise a significant component of the Career Technical Education program. The ROP programs focus on the internship aspect of career preparation and are open to students who are 16 years and older and also to adults. BUHS District offers the following ROP programs:

- ROP Graphic Arts
- ROP Stage and Theatre
- ROP Nursing
- ROP Landscape
- ROP Office Occupations
- ROP General Construction
- ROP Welding
- ROP Careers with Children
- ROP Retail Trades

BUHSD's CTE Advisory Committee is comprised of shareholders including: BUHSD Superintendent, Principal, Deputy Principal, Director of Special Education, Career Specialist, CTE Teachers, Counselors, Students, Parents, Imperial Valley Regional Occupational Program Superintendent and Staff, Community Business Partners, Workforce Investment Board, WIB Director, and the Imperial Valley Regional Occupational Advisory Committee.

The primary representative of the District's Career Technical Education Advisory Committee is Antonio Munguia who can be reached at (760) 312-5110.

California High School Exit Exam Results

The California High School Exit Exam (CAHSEE) is primarily used as a graduation requirement in California. Students are first tested in tenth grade and have multiple chances to retake the test if the student does not pass the first time. The grade 10 results of this exam are also used to determine AYP for high schools as required by the federal NCLB law. The CAHSEE has two sections: English-language arts and Math. For the purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient.

The table displays the percentage of students scoring at Proficient or Advanced levels for the most recent three-year period. Note: The score a student must achieve to be considered Proficient is different than the passing score for graduation requirement.

California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. To protect student privacy, scores are not shown when the number of students tested is 10 or less. Therefore, no data is available for Renaissance Community Day School. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf/.

Professional Development

The major areas of focus for staff development include curriculum and instruction, school discipline and safety, technology, student assessment and data, student support services, and school-site accountability.

The methods used to deliver professional development involve staff development days, department and collaboration meetings, and grade level/course-subject area meetings. Teachers are supported during the implementation through staff meetings, teacher-administrator meetings, student performance data analysis, and reporting. The district also participates in professional development opportunities provided through the Imperial County Office of Education.

For the 2008-09 school year, we dedicated five days for professional development. In 2009-10, there were five days, and in 2010-11, there were three days dedicated for professional development.

No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2010-11 school year. For more information on teacher qualifications related to NCLB, please visit www.cde.ca.gov/nclb/sr/tg.
